His Honour the Administrator in Council has been pleased to approve of the rescission of all previous regulations made by the Board of Adjustment under the provisions of the said Act, and has approved of the following regulations made by the Board of Adjustment in lieu thereof:—

Having regard to the nature and conditions of the industrial undertakings hereinafter mentioned, the condition of employment and welfare of employees, the Board of Adjustment, after inquiry held pursuant to the "Hours of Work Act, 1923," and subject to the approval of the Lieutenant-Governor in Council, hereby exempts to the extent hereinafter stated from the provisions of the said Act the industrial undertakings and workers engaged therein, hereinafter mentioned, namely:—

1. All persons employed in sawmills, planing-mills and shingle-mills situate in that part of the Province lying east of the Cascade Mountains shall be permitted to work one hour per day in excess of the limit prescribed by section 3 of the Act; but the total hours worked in any week shall not exceed fifty-four.

2. In the industrial undertakings referred to in the preceding regulation the limit of hours of work thereby fixed may be exceeded by one hour per day on five days of each week for the purpose of making a shorter work-day on one day of the week; but the total hours worked in any week shall not exceed fifty-four.

3. In sawmills, planing-mills, and shingle-mills situate in that part of the Province lying east of the Cascade Mountains, and which are operated with a single shift of engineers, firemen, and oilers, the engineers, firemen, and oilers shall be permitted to work overtime to the extent of one and one-half hours per day to cover preparatory and complementary work in addition to the said fifty-four hours per week set forth in Regulation 1.

4. All persons employed in the lumber and shingle-manufacturing industries in booming operations, or in handling and transporting lumber for planing to fill urgent orders, or for shipping to fill urgent orders, shall be permitted to work such hours in excess of the limit of hours of work prescribed in section 3 of the Act as may from time to time be necessary.

5. All persons employed on night shifts in saw-mills, planing-mills, and shingle-mills situate in that part of the Province lying west of the Cascade Mountains shall be permitted to work a total of forty-eight hours each week in five nights, in lieu of forty-eight hours each week in six nights; but no night shift shall exceed ten hours: Provided that this regulation shall not apply in respect of industrial establishments carried on by any employer unless the actual working-hours of each person working for that employer, either by the day or by the piece, or otherwise, are limited to forty-eight hours in the week.

6. All persons employed in the logging industry in booming operations, or in transporting logs on a logging-railway, by motor-trucks, horses, flumes, or river-driving, or in transporting workmen or supplies for purposes of the industry, or in the operation and upkeep of donkey-engines, shall be exempt from the provisions of section 3 of the Act.

7. In all industrial undertakings which use steam as a motive power and which are operated with a single shift of engineers, firemen, and oilers, the engineers, firemen, and oilers shall be permitted to work overtime to the extent of one and one-half hours per day to cover preparatory or complementary work in addition to the maximum hours of work prescribed by section 3 of the Act.

DOMINION ORDERS IN COUNCIL.

P.C. No. 234.

CERTIFIED COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL, ON THE 12TH FEBRUARY, 1925.

THE Committee of the Privy Council have had before them a report, dated 6th February, 1925, from the Minister of the Interior, submitting that an application has been made by the Burrard Power Company, Limited, for title to a right-of-way for a transmission-line for the purpose of transmitting electrical energy from the Company's proposed power-house on Section 11, Township 5, Range 3, west of the 7th meridian, to the power-house of the Western Power Company of Canada, Limited, located at Stave Falls, Province of British Columbia, more particularly described hereunder.

The Province of British Columbia has approved the plans submitted by the Company and has issued conditional water licences in connection with the development of the Alouette Lake power scheme. The Company has proceeded with the development of the Alouette power and has already expended one and one-half million dollars towards the completion of the necessary works.

The right-of-way for the transmission-line crosses several Dominion licensed timber berths. The Company has purchased the merchantable timber affected by the right-of-way from the timber licensees and the lands affected have been withdrawn from the berths and are now vacant and available.

An officer of the Department of the Interior inspected the right-of-way and reports that the

area affected is not of agricultural value; that poles have already been erected for carrying the high-tension wires. The Inspector recommends that the area covered by the right-of-way be sold to the Company at the rate of \$10 per acre. The purchase-money, amounting to 1,020, has been paid in full.

The Minister recommends that he be authorized to sell to the Burrard Power Company, Limited, that certain parcel or tract of land comprised within the limits of the right-of-way for a transmission-line, which said limits are parallel lines fifty feet on either side of the centre line as shown on the plan of survey, and bounded on the south by the south boundary of Section Thirty-six in Township Fifteen, east of the Coast meridian, and on the north by the north boundary of the South Half of Section Two in the Fifth Township in the Third Range, west of the seventh meridian, which said plan was approved and confirmed by F. H. Peters, Acting Surveyor-General of Dominion Lands at Ottawa, on the thirty-first day of January, one thousand nine hundred and twenty-five, and of record in the Department of the Interior under number thirty-three thousand five hundred and seventy-eight; the said parcel containing by admeasurement one hundred and two acres, more or less, subject to the Company paying the licence dues for the merchantable timber cut on the right-of-way through timber berths and permit due on the right-of-way outside the timber berths.

The Committee submit the same for approval.

Clerk of the Privy Council.

The Minister of the Interior. 8923-fe26

P.C. No. 233.

CERTIFIED COPY OF A MINUTE OF A MEETING OF
THE COMMITTEE OF THE PRIVY COUNCIL,
APPROVED BY HIS EXCELLENCY THE GOVERNOR-
GENERAL, ON THE 12TH FEBRUARY, 1925.

THE Committee of the Privy Council have had before them a report, dated 6th February, 1925, from the Minister of the Interior, submitting an application from the Burrard Power Company, Limited, a subsidiary company of the British Columbia Electric Railway Company, to purchase in connection with the proposed development of power from Alouette Lake, in the Province of British Columbia, the land required for dam-site, power-house site, tunnel portals, and right-of-way for tunnel, more particularly described in the Schedule attached hereto.

Under the authority of chapter 47, Statutes of Canada, 2 George V., as amended by chapter 45, 3-4 George V., the administration of the waters within the Railway Belt, Province of British Columbia, has been transferred to the authorities of the Province of British Columbia, to be administered under the Water Acts of the Province as if said Acts were enacted by the Parliament of Canada, such administration to continue during the pleasure of the Governor in Council.

The Province of British Columbia has issued to the Burrard Power Company, Limited, conditional water licences in respect to the use and storage of the waters of Alouette Lake, copies of which licences are on file in the Department of the Interior.

The Comptroller of Water Rights, British Columbia, held several public meetings, at which the holders of any rights which might be adversely affected by the development of the Alouette power had an opportunity of protesting and arranging for the protection of such rights. The original plans were amended to meet any such objections and the revised plan has been approved by the Provincial authorities. These plans have been examined by the Water Power Branch and have been accepted as satisfactory.

Title to the land applied for is to be withheld until such time as the Burrard Power Company has purchased the merchantable timber from the owners of all Dominion licensed timber berths

affected by the power-development and until all such lands have been withdrawn from the various timber berths. The Company has already purchased nearly all the merchantable timber from the licensees.

In connection with any rights which may be acquired by the Burrard Power Company, Limited, under the authority of this instrument, the Dominion Government is not in any way to be held responsible for any damage that may at any time be occasioned during the construction of the works or the subsequent operation thereof, and the Company shall indemnify the Dominion Government in full for any damage which may result to the property and rights of the Dominion.

An officer of the Department of the Interior inspected the proposed Alouette power-development scheme on the 24th May, 1924. He reported that the areas affected by the dam-site, power-house site, portal tunnels, and right-of-way for tunnel are of small agricultural value and he has placed a valuation thereon of \$10 per acre, recommending that the areas be sold to the Company at this price.

The Burrard Power Company, Limited, is financially able to undertake and develop the Alouette power scheme, and it is represented by the Comptroller of Water Rights, Province of British Columbia, that it is in the interests of the Province that this development be speedily undertaken in order to provide for the increasing power demands in the region served.

The Minister therefore recommends that, notwithstanding section 2 of the Order in Council of the 6th June, 1918, P.C. 1292, he be authorized to sell to the Burrard Power Company at the rate of \$10 per acre the lands required for a dam-site, power-house site, tunnel portals, and right-of-way for tunnel, as shown in the Schedule attached hereto, and to issue title thereto when the Company has fully complied with the provisions of the Water Acts of British Columbia and has constructed the various works to the satisfaction of the Minister of the Interior; the Company to be allowed a period of three years from this date within which to complete the necessary works. The purchase price, amounting to \$3,867, has been paid in full by the Company.

The Committee concur in the foregoing recommendation and submit the same for approval.

(Signed) E. J. LEMAIRE,
Clerk of the Privy Council.

The Minister of the Interior.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS, under authority of Order in Council of the 19th March, 1924 (P.C. 443), the Township and City of Chilliwack, in the Province of British Columbia, were given a free grant of the Fr. W. $\frac{1}{2}$ of L.S. 11, Fr. W. $\frac{1}{2}$ of L.S. 14, Fr. L.S. 13 of Section 25, and the S. $\frac{1}{2}$ of L.S. 4 of Section 36, all in Township 22, east of the Coast meridian:

Township 22, east of the Coast meridian, as an addition to the park-site, it being represented, on behalf of the Board, that this area adjoins the present park-site, that it will be needed in the near future for park purposes, and that if it were disposed of to other interests it would injure a large park-site investment at Cultus Lake:

Therefore, His Excellency the Governor-General in Council is pleased to authorize and doth hereby authorize the Minister of the Interior to issue a free grant to the Township and City of Chilliwack of the above described land for the purpose of a park-site, the land being available for such purpose; letters patent to contain a proviso that the land is to be used for the purpose for which it is conveyed.

LADNER, March 7th, 1925.

Delta Municipal Council,
Ladner.

GENTLEMEN, In accordance with the instructions given me by your Council to examine and report upon proposed irrigation of the land as described in petition presented to the Council, I beg to report as follows:—

The area as outlined in this petition is provided with ample drainage-ditches having outlet into Crescent Slough to the Fraser River.

I believe that serviceable irrigation of the land above referred to can be obtained by admission of water from the Fraser River into the drainage-ditches through the flood-boxes at the outlets of the Crescent and Chiluckthan Sloughs.

In order to retain water I would recommend that a sluice-gate be constructed in the drainage-ditch on the east side of Crescent Island Road near south side of Crescent Slough and on the south end of the flood-box in Chiluckthan Slough, also one on south end of culvert on the Trunk Road at the Benson Road, together with the installation of any small boxes with check-gates that may be necessary along Crescent Slough within the area above referred to.

I would further recommend that such means be adopted as may be necessary to prevent the flooding of lands along the Crescent Slough outside of the area above referred.

I further recommend that the cost of installing be assessed an equal rate per acre on the land within the area as outlined in the petition.

I remain,
Yours obediently,
(Signed) C. E. COOPER.

ESTIMATE OF COST.

Wooden sluice-gate near Crescent Slough..\$	440 00
Sluice-gate on Trunk Road at Benson Road	196 00
Construction of small boxes and earth dams, etc., along Crescent Slough....	197 00
Sluice-gates on flood-box, Chiluckthau Slough	349 00
	\$1,182 00
Contingencies	118 00
Total	\$1,300 00

And whereas the said Council is of opinion that it is desirable to adapt such portion of the dyking or drainage works of the locality hereinbefore described for irrigation purposes:

Be it therefore enacted by the said Municipal Council of the Corporation of the District of Delta, pursuant to the provisions of the "Municipal Act":—

1. That the said report, plans, and estimates be adopted, and that the irrigation-works connected therewith be made and constructed in accordance therewith.

2. That for the purpose of paying the sum of \$1,300, being the amount charged against the said lands so to be benefited as aforesaid, other than lands belonging to the municipality, a special rate of 16.5 cents over and above all other rates shall after the final passing of this by-law be assessed and levied in the year 1925 upon each acre of land in said hereinbefore-described area of land.

3. That for the purpose of maintaining such irrigation-works there shall be assessed and levied in each year upon each acre of land in the said hereinbefore-described area of land a sum of money that will bear the same relative proportion to the total cost of maintenance as the rate per acre so assessed and levied as in paragraph 2 hereof mentioned bears to the total cost of such irrigation-work.

4. This by-law may be cited for all purposes as the "Delta Irrigation By-law, 1925."

Passed the Municipal Council this 14th day of March, 1925.

Reconsidered and finally passed this day of April, 1925.

.....
Reeve.
.....
Clerk.

Take notice that the foregoing is a true copy of the proposed by-law provisionally adopted by the Delta Municipal Council. A Court of Revision will be held in the Council Chambers, Ladner, on Saturday, the 11th day of June, 1925, at 2 p.m., to consider any complaints against the assessment under this by-law.

And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. 78. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills. Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

82. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to be run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By Rule 83, a model form of Railway Bill is adopted. A copy of same can be obtained upon application to the Clerk.
